

My Scheduled Time is _____.

GAME ROOM

1. Get the game room key from the office.
2. Just monitor unless more than one person wants to play same game.
3. As campers come to request a game, you will write down their name, band #, and game they want to play (ie-Pat Smith, #141, pool).
4. Keep area on schedule. Keep area safe.
5. Only after a camper has completed a game can he/she sign up for another. (They **cannot** come in and sign for 4 games/tables at once.)
6. After final shift is completed, straighten up the area and immediately lock doors and return key to Office.
7. If any equipment gets damaged, please inform the Recreation Director, noting if the damage was due to normal usage or was broken purposely. Ping pong balls and paddles can be obtained in the game room.
