

BEACH CHECK-IN

1. This is a high traffic job!
2. Get clip board, and pen. Be the first person at the beach after the lifeguards.
3. *Campers may only enter with a buddy! Groups of 2 or 3 are allowed.*
4. If camper does NOT have a buddy, they must wait outside until another individual comes in need of a buddy; then they can pair up!
5. Each buddy set gets their own swim tag # (Johnny #6, Tony #6).
6. Even if they are only going to sit on the beach, they NEED a buddy AND swim tag!
7. Record wristband #'s in appropriate slot on chart provided by camp.
8. No camper may leave the beach area without their buddy leaving also. (Both turn in #'s and leave or BOTH stay!)
9. When campers leave, put a "X" next to their wristband number on the chart (do not scribble out, we may need to access the #'s later).
10. Final Shift please return all equipment.

HAVE FUN!!!
